Newtown Creek being considered for the Superfund

In response to a formal request by Congressional Representatives Weiner, Velazquez, Solis, and Green, the U.S. Environmental Protection Agency (EPA) will study contamination in and around Newtown Creek, which could result in its being designated a Superfund site. Riverkeeper, which is working with local communities and elected officials to ensure a comprehensive cleanup of Newtown Creek, welcomes EPA's involvement. EPA will examine existing information from ongoing environmental investigations on the creek, and determine if the contamination warrants additional studying and sampling under the Superfund law. 09.04.08 | POLLUTION | PRESS RELEASE:

Riverkeeper and Councilman Eric Gioia Take Aim at Concrete Polluters on Newtown Creek

FOR IMMEDIATE RELEASE: September 4, 2008
 Contacts: Craig Michaels, Riverkeeper, 917.579.5582
 Eric Koch, NYC Councilman Eric Gioia, 617.733.6891

NYCON Allegedly Dumping Concrete Illegally in Newtown Creek
 NEW YORK- Today, the environmental watchdog group Riverkeeper and New York City Councilman Eric Gioia (D-Queens), Chair of the City Council Committee on Oversight and Investigations, announced legal action against a major concrete manufacturer on Newtown Creek for violations of federal environmental laws. They are alleging that NYCON Supply Corporation, located in Long Island City, Queens, has been illegally discharging concrete waste without a permit into a tributary of the heavily polluted Newtown Creek, in violation of both the Clean Water Act and the Resource Conservation and Recovery Act (RCRA).

Newtown Creek, the site of a massive oil spill, is one of the most polluted waterways in the United States. During its routine patrols of NYC waterways, Riverkeeper has observed NYCON dumping concrete waste into the Dutch Kills tributary of Newtown Creek without a required Clean Water Act permit. Riverkeeper also observed piles of gravel and layers of concrete covering the riverbed adjacent to the NYCON facility.

Today, Riverkeeper filed a Notice of Intent to Sue NYCON. In addition to the lack of a Clean Water Act permit, Riverkeeper also believes that the current discharge of NYCON's waste constitutes an imminent and substantial endangerment to health and environment under RCRA. Both the Clean Water Act and RCRA authorize citizen groups to sue polluters, subjecting potential violators to up to \$32,500 in penalties per day per violation.

"The pollution issues confronting Newtown Creek and other waterways surrounding New York City cannot be fully addressed without enforcing environmental laws and holding polluters accountable for their actions," said Riverkeeper Investigator Craig Michaels. "We will continue to work with elected officials and government agencies to track down and prosecute environmental lawbreakers who threaten the environmental and public health of our communities."

"For too long, Newtown Creek has been the forgotten waterway of New York City, and polluters have taken advantage by dumping with impunity," said Councilman Eric Gioia. "We're here today to send a strong message that that we will not stand for more dumping and more pollution in the creek. Polluters, beware: we are watching, we are vigilant, and we will go after you."

10.12.08 | RIVERKEEPER EVENT:

New York Water Fest

[See more images on our flickr site >](#)

WHEN: Sunday October 12th, 2008
WHERE: Contacts: North Cove Marina, NYC
EVENT WEBSITE: www.nywaterfest.org

See the city in a whole different way by way of the mighty Hudson! Join Riverkeeper for the New York Water Fest to raise awareness about the importance of the Hudson River to New York's history, commerce, arts and culture as well as the sources of, and threats to, New York City's drinking water supply. Water Fest will feature.

Water City:

Featuring live music, great food, wellness and relaxation tents and New York's leading clean water advocates ready to answer your water questions and challenge you to Take Back the Tap. At North Cove Marina, overlooking the Hudson River, open 12 - 5pm.

Paddle Rally:

A full day of on-water activities that allow first-time, beginner and advanced paddlers to safely experience the dynamic water of the lower Hudson River in NY Harbor with friends and other paddlers.

Big Apple Splash:

Raft down the Hudson River with friends, family and a certified professional guide as part of this 5-mile raft flotilla from Pier 96 to Water City at North Cove Marina. Each raft can hold 10-12 paddlers. No experience required.

Kayak Poker Run:

Play to win as part of this paddle rally that travels to five different locations on the Hudson River playing Five Card Draw. Paddle at your own pace and arrive at Water City, North Cove Marina, to pick up your final card by 3:00pm. Cash prizes will be awarded to the paddlers with the highest and lowest poker hands. From 10am to 3pm. Paddling experience required.

Floating Meditation:

Allow your spirit to soar while floating in a kayak on nature's moving energy - water. Join the creator of Floating Meditation in this two-hour program that combines world-class paddling instruction and a guided meditation. At Pier 40, 8am - 10am for experienced paddlers and 11am - 1pm. For beginning paddlers.

Walk Up Kayaking:

Enjoy a free 20-minute sit-on-top kayaking program, provided by the Downtown Boathouse from 9am - 6pm at their Pier 40 or Pier 96 locations. No experience required.

Skill Demonstrations:

View and learn about the sport of kayaking. Rolling, edging, bracing, equipment overview and a flatwater/whitewater playboat session will be demonstrated throughout the day at North Cove Marina.

Beginner Kayak Lesson:

For the beginner and novice seeking a quick introduction to the foundations of safe and efficient sea paddling. Introduction to the marine environment, sea kayak safety and design, equipment and paddling basics. At Pier 40, 9:30am -12:30pm.
